

# SAFETY DATA SHEET (SDS)

## Section 1. Identification

| Product identifier AQUALAB PUR, Part A |
|--|
|--|

Other means of identification FF-ALP-000-A

Recommended use and restrictions on use Floor Coating

Initial supplier identifierLabSurface. 101-1079, rue des Forges, Terrebonne, QC, J6Y 0J9 (Canada) Tél. (450) 966-9000Emergency telephone number/restriction on useCanada – CANUTEC Number 24 hours 613-996-6666

Section 2. Hazard Identification

Classification of hazardous product (name of the category or subcategory of the hazard class)

Not a hazardous substance or mixture

Information elements (symbols, signal words, hazard statements and precautionary statements of the category/subcategory)

Warning

This product is not considered hazardous according to WHMIS 2015

### Prevention

Not expected to cause adverse acute health effects.

### Response

IF SWALOWED: P301 + P331 Do NOT induce vomiting. P312 Call a doctor if you feel unwell.

IF ON SKIN: P302 + P352 Wash with plenty of water. P361 take off immediately all contaminated clothing. P312 Call a POISON CENTER/doctor if you feel unwell.

IF INHALED: P304 + P340 Remove person to fresh air and keep comfortable for breathing. P314 Get medical advice/attention if you feel unwell. IF IN EYES: P305 + P351 + P338 Rinse cautiously with water. Remove contact lenses, if present and easy to do. Continue rinsing. P314 Get medical advice/attention if you feel unwell.

### Storage

P403 Store in a well-ventilated place.

| Other hazards k  | known   | None  |                     |                     |                                 |  |
|--|---|---|---------------------|---------------------|---------------------------------|--|
| Section 3. Composition/Information on Ingredients  |   |   |                     |                     |                                 |  |
| Chemical name (common name/synonyms)   |   |   | CAS number or other | Concentration (%))* |                                 |  |
| Triethanolamine  |   |   | 102-71-6            | 1 - 2 %             |                                 |  |
| *Statement - This safety data sheet provides concentration range(s) instead of the actual concentration(s) considered trade secret(s).               |   |   |                     |                     |                                 |  |
| Section 4. First-Aid Measures  |   |   |                     |                     |                                 |  |
| Inhalation   | IF INHALED: if overexposure remove person to fresh air and keep comfortable for breathing. If symptoms persist, get medical attention.  |   |                     |                     |                                 |  |
| Ingestion  | IF SWALLOWED: Prevent aspiration of vomit. If symptoms persist, seek medical attention  |   |                     |                     |                                 |  |
| Skin contact   | IF ON SKIN: Take off contaminated clothing. Wash immediately with plenty of water (20- 30 minutes). If symptoms persist: Get medical attention. Wash contaminated clothing before reuse               |   |                     |                     |                                 |  |
| Eye contact  | IF IN EYES, Rinse cautiously with water for several minutes (20 - 30 minutes). Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritations persist: Get medical attention. |   |                     |                     |                                 |  |
| Most important symptoms and effects (acute or delayed) Not expected to cause adverse acute health effects.   |   |   |                     |                     |                                 |  |
| Indication of immediate medical attention/special treatment In all cases, call a doctor. Do not forget this document.                                |   |   |                     |                     |                                 |  |
| Section 5. Fire-Fighting Measures  |   |   |                     |                     |                                 |  |
| Specific hazards of the hazardous product (hazardous combustion products)  |   |   |                     |                     |                                 |  |
| Carbon monoxide, toxic fumes, ammonia gas, nitrogen oxide.   |   |   |                     |                     |                                 |  |
| Suitable and unsuitable extinguishing media  |   |   |                     |                     |                                 |  |
| In case of fire: Use Carbon dioxide (CO <sub>2</sub> ), water fog, dry chemical foam.  |   |   |                     |                     |                                 |  |
| Special protective equipment and precautions for fire-fighters   |   |   |                     |                     |                                 |  |
| During a fire, irritating/toxic fumes may be generated. Do not enter fire area without proper protection. Firefighters should wear proper protective |   |   |                     |                     | s should wear proper protective |  |
| equipment as required.   |   |   |                     |                     |                                 |  |
| Section 6. Accidental Release Measures Personal precautions, protective equipment and emergency procedures   |   |   |                     |                     |                                 |  |
|  |   |   |                     |                     |                                 |  |
|  | All perso   | v personnel. Isolate the area and preven<br>ns dealing with clean-up should wear the<br>plies, or soil. |                     |                     |                                 |  |

Methods and materials for containment and cleaning up

Avoid prolonged exposure. Stop leak if you can do it without risk. Do not touch or walk through spilled material. Spill should be contained with inert material and disposed into suitable retaining area. Small volumes of liquid may be contained or absorbed into an appropriate container. Keep away from all watercourses. Do not flush down storm or sanitary sewer. Dispose of in accordance with local, provincial and federal regulations.

## Section 7. Handling and Storage

#### Precautions for safe handling

Not expected to cause adverse acute health effects. Handle in accordance with good industrial hygiene and safety practices. Wash thoroughly after handling. Keep container closed when not in use.

#### Conditions for safe storage, including any incompatibilities

Store in a cool, well-ventilated area. Keep container closed when not in use. Do not handle or store near open flames, heat or other sources of ignition. Store away from incompatible materials (Section 10). Inspect all incoming containers to make sure they are properly labelled and not damaged. Storage area should be clearly identified, clear of obstruction and accessible only to trained personnel. Inspect periodically for damage or leaks. Storage temperature: 16 - 27 °C.

# Section 8. Exposure Controls/Personal Protection

Control parameters (biological limit values or exposure limit values and source of those values)

## Exposure limits: ACGIH - TLV-TWA Not available.

## Appropriate engineering controls

Use product in well-ventilated areas. Do not spray the product. Local exhaust ventilation system is recommended to maintain concentrations of contaminants below exposure limits. Supply emergency safety/quick-drench shower, eyewash station and washing facilities available in work area and near handling area.

#### Individual protection measures/personal protective equipment

Gloves: Neopren gloves or equivalent; Clothing: Shirts with long sleeves, long pants; Respiratory: Not required if working area is well ventilated. Use a NIOSH approved respirators if the exposure limits are unknown; Equipment: Safety glasses, chemical resistant. Special instructions for protection and hygiene: Wash hands/nails/face thoroughly after handling. Do not eat, drink or smoke when using this product. Practice good personal hygiene after using this material. Remove and wash contaminated work clothing before re-use. Educate and train employees in the safe use and handling of this product. Follow all label instructions.

| use and nandling of this product. Follow all label instructions.            |   |  |  |  |  |  |
